# VALENCIAN COMMUNITY CHALLENGE

## PRIZE

The regional winner of the 2014 Valencian Community Challenge will be offered a complete 12-month incubation programme at any of the five Valencian Science Parks. This will include the following services\*:

- › Access to office and facilities at a reduced rate
- › Business coaching and training
- › IPR and patent consulting
- › Support for market and feasibility studies
- › Technical support
- › Access to testing facilities
- › Marketing support
- › Assistance in product and prototype development
- › Access to experts
- › Access to public funding or venture capital
- › Software licenses

The prize also includes travel and accommodation for the ESNC Awards Ceremony in Munich.

In addition, the first and second runners-up will also receive a complete six-month incubation programme at any of the five Valencian Science Parks.

\* Not all of these services are available at every Science Park.
